\* Day return excursions

#### Remarks:

Above table does not include city tours or local runnings. The Total Time is indicative of the journey time between Hotel to Hotel and should not be taken as driving average as it includes searching for Hotels etc. Also at many places, local cars for sightseeings were used instead of own vehicle.

Original Gypsy Tyres: 205 / 70 / 15  
 Tubeless Goodyear Wrangler: 215 / 75 / 15  
**DIFFERENCE IN CMS: 11.93cm**

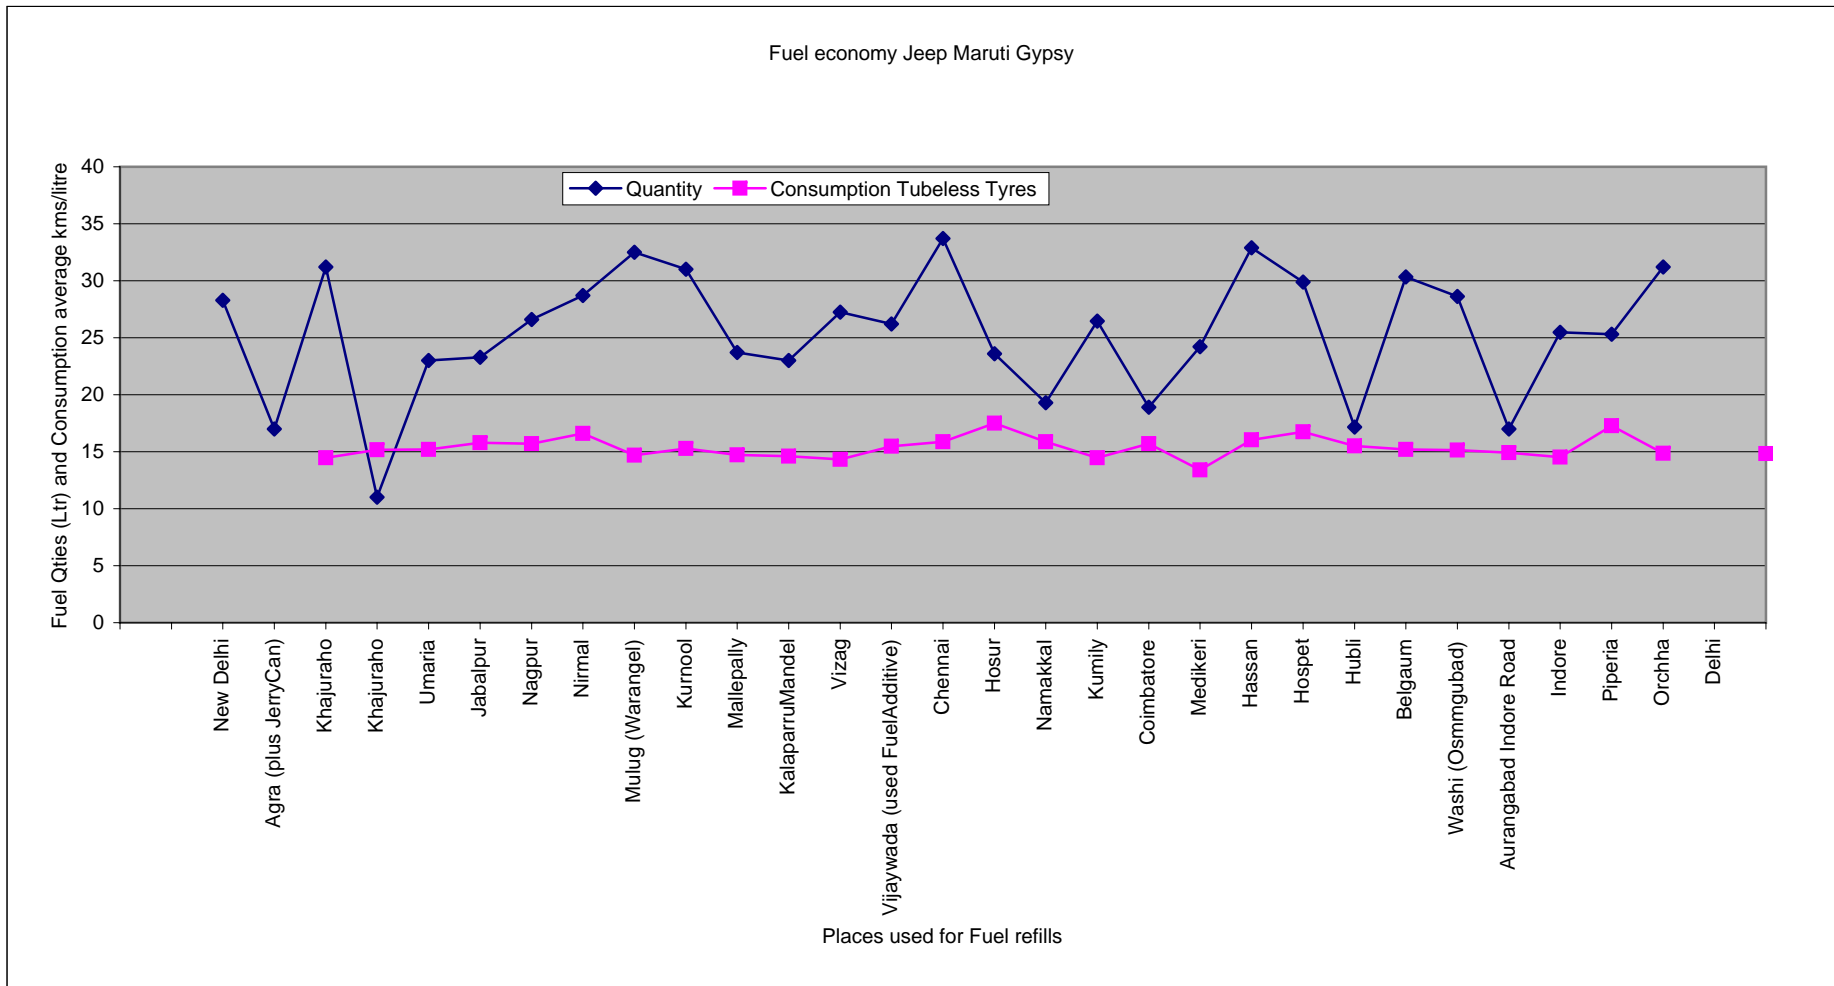

Circum: 209.75  
 Circum: 221.68

Circumference = Pi (3.14) times Diameter (C=πD)

#### Tyre size difference between Original (205/70) versus tubeless (215/75)

- There is a difference of 11.932 cms in circumference between original spec and my tubeless. This is noticable as GPS reading shows the exact kms whereas the Odometer shows little less (less revolution to cover the same distance. This gives a factor of 1.056886. This difference has been taken into account for fuel calculations as well as actual kilometers that I covered.
- Since vehicle was standing for last 3 months, the tyre pressure was increased to 24psi (recommended 20psi) for first 500 kms to seal any leakage. Later, it was adjusted to 20psi (F) and 22psi (B). A tyre pressure check was made in Piperia. There was no leakage or replenish requirement on entire tour.
- Fuel BG additive was used twice, once in the beginning and once in Vijaywada.
- Bonnet was opened from time to time to replenish Wiper water-tank.

**Total distance covered 13377kms in 87 days between 7th Dec'07 and 2nd Mar'08**

Kms breakdown: 12430kms in Gypsy and 947kms in hired vehicles.

Total fuel consumption (incl. Jerrycan)	737 Liters
Total Price of Fuel	36373 INR
Jeep service before starting the tour	2500 INR
Air-con compressor gas vents checked in Vizag	500 INR
General Check-up in Mysore after 7500kms	400 INR

**Actual fuel economy for this tour averaged 16.5 kms per liter including 20% A/C running.**

**Entire journey completed without any damage / repair to the vehicle. Checkups in Vizag and Mysore were precautionary and not necessary**
